31, 38	James Walsh • Shanavagoon, Ladysbridge, Co. Cork

€uroStar Evaluation Explanation Page

Important: Information in this catalogue is provided for or by the breeder, who is solely responsible for its accuracy—not Sheep Ireland

Evaluations should not be the only selection tool you use—animals must also be physically assessed (e.g. mouth, feet). Physical faults cannot be offset by strong evaluations and should be avoided in breeding..

See below how to interpret the €uroStar catalogue.

Animal ID: (Name, Pedigree ID, NSIS)

Animal Details: DOB, Breed, Sex & Birth Rank

Parentage DNA Verified: The parentage of this sheep has been confirmed to be accurate using DNA

M & F Scanned: This flock has been visited by Sheep Ireland and lambs have been weighed and scanned for Muscle & Back Fat

Animal breeder & owner details:

Lot 3: TULLY TANK HEF2111585, IE041234503204B
 DOB: 04-MAR-2021 • Charollais • Male • Twin • Parentage DNA Verified • M&F Scanned • Scrapie: Type 1
 Breeder & Owner: **John Farmer** • Castletroy, Tully, Co. Waterford • DQI: 91%

Flock DQI: Data Quality Index scores flocks on their data recording. Data completeness & timeliness are two criteria

Scrapie: This indicates the level of scrapie resistance based on the animals genotype. This scrapie result is not DAFM approved for export unless the animal is fully parentage verified

Commercial Data: This animals genetic evaluation contains commercial farm data collected through Sheep Ireland/Teagasc projects

Genotyped: This animal has been genotyped via Sheep Ireland

€uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- ★ Represents the **bottom 20%** of the breed for that trait
- ★★★★★ represents the **top 20%** of the breed for that trait
- Higher stars = Higher predicted profitability €

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

- This figure shows where an animal ranks within its breed in 20% bands—for example, “Top 20%” corresponds to five stars, while “Top 21%” corresponds to four stars (see example below)

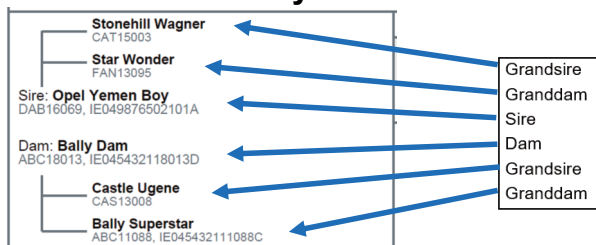

Acc% (Accuracy%)

- Accuracy indicates the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa. Acc% is displayed for the Replacement and Terminal Index, e.g.

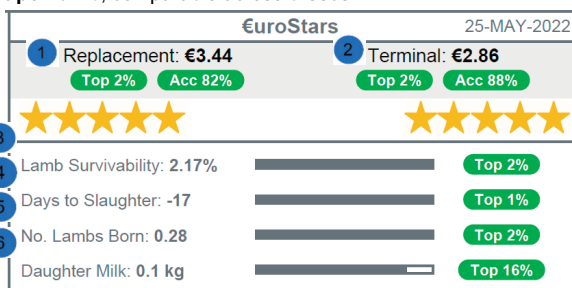

Acc 87%

Ancestry Information

Interpreting the Indexes and Traits

- 1) Replacement (€3.44)** – Used to select rams for breeding both replacement females and slaughter lambs; This index combines survival, growth, fertility and milk traits. € value reflects **profit per lamb**, comparable across breeds.
- 2) Terminal (€2.86)** – Used to select rams for producing slaughter lambs; focuses mainly on survival and growth traits of progeny. € value reflects **profit per lamb**, comparable across breeds.
- 3) Lamb Survivability** – Ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving past 48hrs.
- 4) Days to Slaughter** – Ranks animals on their genetic ability to grow. Fewer days indicates faster finishing to target weight.
- 5) No. of Lambs Born** – Ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.
- 6) Daughters Milk** – Ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

More info:

Visit www.sheep.ie for the latest news and information, or ramsearch.ie for up-to-date evaluations; search for rams by county, breed, and breeder.

CONDITIONS OF SALE

- All entries to be penned by 4.30p.m.
- The designated society inspectors will inspect all entries and cull any entry which in their opinion are incorrectly identified i.e. pedigree details, NSIS details.
- Sheep will be sold in Euro. Buyers will be charged a commission fee of 3% of purchase price to a maximum of €10 per sheep.
- All sheep will be presented for sale in catalogue order.
- Should sheep in lots 1 – 5 be unsold they can be offered for sale at a place in the sale at the discretion of the sale organisers and the auctioneer.
- All sheep are sold as they stand and the purchaser is deemed to have examined each sheep and fully satisfy himself/herself about the sheep prior to purchasing same.

**CORK MARTS, MACROOM,
PERPETUAL CUP
INTERBREED CHAMPION**

to be presented to the Interbreed Champion

There will be one show class per breed.

There has to be three sheep in a class for judging.

Placings will be 1st, 2nd and 3rd.

1st placed in each breed will go forward to the
interbreed championship.

The decision of the judge(s) is final.
